A

Absorption
Intestinal physiology relevant to short-bowel syndrome 196 (or)

Abuse
Sexuality, disability and abuse: Policy and legal reform at the end of the millennium. Have we made progress? 56 (suplI/ab)

Achalasia
Congenital esophageal stenosis 177 (cr)

Acute scrotum
Meconium-filled hydrocele sacs as a cause of acute scrotum in a newborn 61 (ab)

Adaptive growth
Intestinal physiology relevant to short-bowel syndrome 196 (or)

Adrenal gland transplantation
Long-term outcome of the fetal adrenal gland transplantation in rats 400 (or)

Adrenalectomy; bilateral
Laparoscopic bilateral adrenalectomy in a child 420 (cr)

Adrenogenital syndrome without salt loss
Laparoscopic bilateral adrenalectomy in a child 420 (cr)

Adult recipients of pediatric kidneys
Transplantation of single and paired pediatric kidneys into adult recipients 62 (ab)

Aganglionosis
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)
Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Aicardi syndrome
Aicardi syndrome associated with palatal hemangioma 325 (cr)

Air gun
Cardiac injury from an air gun pellet: A case report 184 (cr)

Ambiguous genitalia
Feminizing genital reconstruction, sigmoid vaginal replacement and anorectoplasty as a one-stage procedure for anorectal atresia associated with ambiguous genitalia 121 (cr)

Anatomy of the porta hepatis
Anatomy of the porta hepatis (PH) as rational basis for the hepatoporto-enterostomy (HPE) 13 (or)

Androgen insensitivity syndrome
Androgen receptor point mutations as the underlying molecular defect in 2 patients with androgen insensitivity syndrome 60 (ab)

Androgen receptor point mutation
Androgen receptor point mutations as the underlying molecular defect in 2 patients with androgen insensitivity syndrome 60 (ab)

Androgen stimulation
Could testicular descent in humans be promoted by direct androgen stimulation of the gubernaculum testis? 37 (or)

Anesthetic considerations
Anesthetic considerations in pediatric laparoscopic and thoracoscopic surgery 282 (or)

Ankle-foot orthosis
Three-dimensional gait analysis of ankle-foot orthosis function in myelomeningocele 55 (suplI/ab)

Anorchia; congenital
Is bilateral congenital anorchia genetically determined? 312 (or)

Anorectal anomaly
The value of the MACE (malone antegrade colonic enema) procedure in adult patients 58 (ab)

Anorectal malformation
Feminizing genital reconstruction, sigmoid vaginal replacement and anorectoplasty as a one-stage procedure for anorectal atresia associated with ambiguous genitalia 121 (cr)
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)

Anorectal manometry
Anorectal manometry during the neonatal period: Its specificity in the diagnosis of Hirschsprung's disease 101 (or)

Antegrade continence enema
Combined Mitrofanoff and antegrade continence enema procedures for urinary and fecal incontinence 61 (ab)
Percutaneous tube caecostomy for antegrade continence enema (ACE) 47 (suplI/shr)

Antibacterial catheter
Prevention of CSF shunt infection: Effect of the use of hybrid shunt systems which include antibacterial catheters 47 (suplI/shr)

Appendectomy
Laparoscopy combined with conventional operative techniques 294 (or)

Appendicitis
An unusual complication of appendicitis in childhood 351 (cr)
Perforated appendicitis in children: Risk factors for the development of complications 125 (ab)

Aqueduct stenosis
Aqueduct stenosis in hydrocephalus: Ultrastructural investigation in neonatal H-Tx rat brain 44 (suplI/shr)

Arachnoid cyst
Fetal arachnoid cysts: Their site, progress, prognosis and differential diagnosis 27 (suplI/or)

Artificial sphincter
The impact of continence 54 (suplI/ab)

ATP-$MgCl_2$
The effect of ATP-$MgCl_2$ on lipid peroxidation in ischemic and reperfused rabbit kidney 42 (or)

Augmentation cystoplasty
Alternative techniques for augmentation cystoplasty 126 (ab)
Bladder augmentation surgery – What about the malignant risk? 39 (supl/or)

Augmentation gastrocystoplasty
Recurrent urolithiasis after augmentation gastrocystoplasty 127 (ab)

Augmentation technique
Bladder augmentation: Urodynamic findings and clinical outcome in different augmentation techniques 29 (or)

Auricle
Cardiac injury from an air gun pellet: A case report 184 (cr)

Axial skeletal malformation
Pituitary gland and axial skeletal malformations in human fetuses with spina bifida 354 (or)

B

Bacteria
Surgical stress, bacteria, and mucosal immune function 210 (or)

Bacterial overgrowth
Bacterial translocation in short-bowel syndrome in rats 224 (or)

Bacterial translocation
Bacterial translocation in short-bowel syndrome in rats 224 (or)
Bacterial translocation is favored by the preservation of the ileocecal valve in experimental short bowel with total parenteral nutrition 220 (or)

Bacteriuria
Clinical evaluation of a rapid diagnostic screen (Uriscreen) for bacteriuria in children 59 (ab)

Balloon dilatation
Cardiac achalasia in children. Dilatation or surgery? 299 (or)

Barrett's esophagus
Barrett's esophagus and chemotherapy, a case report 327 (cr)

Basal lamina; abnormalities
Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Beckwith-Wiedemann syndrome
Congenital mesoblastic nephroma in a child with the Beckwith-Wiedemann syndrome 63 (ab)

Bench-test
New valves – new dangers? 22 valves (38 probes) designed in the nineties in ultralong-term test (365 days) 23 (supl/or)

Bilateral congenital anorchia
Is bilateral congenital anorchia genetically determined? 312 (or)

Bilateral laparoscopic adrenalectomy
Laparoscopic bilateral adrenalectomy in a child 420 (cr)

Bilateral testicular torsion
Bilateral testicular torsion in the neonatal period 61 (ab)

Biliary atresia
A modification of hepatic portoenterostomy (Kasai's operation) for biliary atresia 59 (ab)
Anatomy of the porta hepatis (PH) as rational basis for the hepatoporto-enterostomy (HPE) 13 (or)
The influence of cholangitis on the prognosis of extrahepatic biliary atresia 19 (or)

Biliary atresia; noncorrectable cyst type
Antenatal diagnosis of biliary atresia (noncorrectable cyst type): A case report 340 (cr)

Biliary complications
Paediatric liver transplantation with a split graft: Experience at Bicêtre 146 (or)

Bilirubin
An analysis of the morbidity and mortality of short-bowel syndrome in the pediatric age group 228 (or)

Bladder
Chronic pyelonephritis in association with neuropathic bladder 29 (supl/or)

Bladder augmentation
Bladder augmentation: Urodynamic findings and clinical outcome in different augmentation techniques 29 (or)
The impact of continence 54 (supl/ab)

Bladder capacity
Estimating normal bladder capacity in children 61 (ab)

Bladder exstrophy
Bladder augmentation: Urodynamic findings and clinical outcome in different augmentation techniques 29 (or)

Blunt neck trauma
Isolated longitudinal rupture of the posterior tracheal wall following blunt neck trauma 104 (cr)

Boix-Ochoa antireflux procedure
Nissen fundoplication and Boix-Ochoa antireflux procedure: Comparison between two surgical techniques in the treatment of gastroesophageal reflux in children 289 (or)

Bowel lengthening
Experience with longitudinal intestinal lengthening and tailoring 256 (or)
What do children look like after longitudinal intestinal lengthening? 260 (or)

Brain tissue volume
Semi-automated and quantitative assessment of brain tissue volumes in patients with myelomeningocele 53 (supl/ab)

Brainstem diffusion-weighted MRI
Brainstem diffusion-weighted MRI in boys with L1CAM mutations 41 (supl/shr)

Bronchial atresia
Segmental bronchial atresia – A case report and a literature review 49 (cr)

Bronchogenic cyst
Congenital cystic disease of the lung in infants and children (experience with 57 cases) 364 (or)

Bronchography
Segmental bronchial atresia – A case report and a literature review 49 (cr)

Broviac catheter
Simplified technique for antegrade continence enemas for fecal retention and incontinence 125 (ab)

Budd-Chiari syndrome
Intermittent obstruction of the inferior vena cava by congenital anteromedial diaphragmatic hernia: An extremely rare case of Budd-Chiari syndrome in an infant 125 (ab)

C

Calcitonin gene-related peptide
Congenital undescended testes in neonatal pigs and the effect of exogenous calcitonin gene-related peptide 126 (ab)

Cardiac achalasia
Cardiac achalasia in children. Dilatation or surgery? 299 (or)

Cardiac tamponade
Fatal cardiac tamponade as a late complication of central venous catheterization: A case report 113 (cr)

Catheter-related sepsis
Intestinal adaptation in pediatric patients with short-bowel syndrome 207 (or)

Cavernous hemangioma
Ovarian cavernous hemangioma in an 8-year-old girl 116 (cr)

Cavitron Ultrasonic Surgical Aspirator
Papillary cystic and solid tumor of the pancreas – surgical therapy with the use of CUSA, and a review of the pediatric literature 416 (cr)

Cecostomy
Simplified technique for antegrade continence enemas for fecal retention and incontinence 125 (ab)

Ceftriaxone therapy
Biliary pseudolithiasis in childhood: A case report 337 (cr)

Central nervous catheter
Fatal cardiac tamponade as a late complication of central venous catheterization: A case report 113 (cr)

Central review
Misstaging in nephroblastoma. Causes and consequences. A report of the sixth nephroblastoma trial and study of the International Society of Paediatric Oncology 153 (or)

Cerebrospinal fluid
New valves – new dangers? 22 valves (38 probes) designed in the nineties in ultralong-term test (365 days) 23 (supl/or)

Cerebrovascular compression
Cerebrovascular compression in a canine model of obstructive hydrocephalus 53 (supl/ab)

Charcot arthropathy
Charcot arthropathy in spina bifida 56 (supl/ab)

Charter on visitation of training centres
Charter on visitation of training centres 274 (UEMS)

Chemotherapy
Barrett's esophagus and chemotherapy, a case report 327 (cr)
A study of therapy for pediatric hepatoblastoma: Prevention and treatment of pulmonary metastasis 142 (or)

Cholangitis
The influence of cholangitis on the prognosis of extrahepatic biliary atresia 19 (or)

Cholecystectomy; laparoscopic
Cost analysis of laparoscopic cholecystectomy in children 8 (or)
Laparoscopic cholecystectomy for cholelithiasis during infancy and childhood: Cost analysis and review of current indications 59 (ab)

Cholelithiasis
Biliary pseudolithiasis in childhood: A case report 337 (cr)
Laparoscopic cholecystectomy for cholelithiasis during infancy and childhood: Cost analysis and review of current indications 59 (ab)

Chronic intestinal pseudo-obstruction
The application of radio-opaque markers prior to ileostomy in an infant with chronic intestinal pseudo-obstruction: Report of a case 58 (ab)

Chronic intestinal pseudo-obstruction syndrome
Chronic intestinal pseudo-obstruction syndrome in pediatric patients 83 (or)

Circulatory effects
Anesthetic considerations in pediatric laparoscopic and thoracoscopic surgery 282 (or)

Circumcision injuries
Surgical repair of urethral circumcision injuries 63 (ab)

Citrulline
Intestinal adaptation in pediatric patients with short-bowel syndrome 207 (or)

Clear cell melanoma
Clear cell melanoma of the renal pelvis presenting as a primary tumor 62 (ab)

Clinical outcome
Bladder augmentation: Urodynamic findings and clinical outcome in different augmentation techniques 29 (or)

Colonic stenosis
Colonic stenosis after hemolytic-uremic syndrome 119 (cr)

Computer-aided photography
Table-top and computer-aided photography in hydrocephalus presentations 55 (supl/ab)

Congenital anomalies
Risk of congenital anomalies near hazardous-waste landfill sites in Europe: The EUROHAZCON study 124 (ab)

Congenital fibromatosis
Aggressive congenital fibromatosis of the small intestine in the newborn. Report of a case and review of the literature 422 (cr)

Congenital hydrocephalus
Congenital hydrocephalus: Occurrence and outcome. A population-based study in the north of England, 1985–1996 46 (supl/shr)

Congenital hypertrophic pyloric stenosis
Diagnosing hypertrophic pyloric stenosis: Does size matter? 373 (or)

Congenital lobar emphysema
Congenital cystic disease of the lung in infants and children (experience with 57 cases) 364 (or)

Congenital lung cyst
Congenital lung cyst 334 (cr)

Congenital short bowel
Congenital short bowel; A case study and review of the literature 248 (or)

Congenital vascular malformation
Aicardi syndrome associated with palatal hemangioma 325 (cr)

Continence
The impact of continence 54 (supl/ab)

Cost analysis
Cost analysis of laparoscopic cholecystectomy in children 8 (or)

Cricopharyngeal achalasia
Cricopharyngeal achalasia – A cause of major dysphagia in a newborn. A case report 406 (cr)
Cricopharyngeal achalasia: Case reports and review of the literature 109 (cr)

Cricopharyngeal myotomy
Cricopharyngeal achalasia: Case reports and review of the literature 109 (cr)

CSF blockage
The effects of CSF blockage in early-onset hydrocephalus on the activity of the germinal epithelium 43 (supl/shr)

CSF overdrainage
New valves – new dangers? 22 valves (38 probes) designed in the 'nineties in ultralong-term test (365 days) 23 (supl/or)

CSF shunt
New valves – new dangers? 22 valves (38 probes) designed in the 'nineties in ultralong-term test (365 days) 23 (supl/or)

CSF shunt infection; prevention
Prevention of CSF shunt infection: Effect of the use of hybrid shunt systems which include antibacterial catheters 47 (supl/shr)

CSF shunt malfunction
A classification of CSF shunt malfunction 19 (supl/or)

CSF shunt operation
Early complications of shunt operations in children 40 (supl/ab)

CUSA
Papillary cystic and solid tumor of the pancreas – surgical therapy with the use of CUSA, and a review of the pediatric literature 416 (cr)

Cystic adenomatoid malformation
Congenital cystic disease of the lung in infants and children (experience with 57 cases) 364 (or)
Management of prenatally diagnosed congenital cystic adenomatoid malformation of the lung 53 (cr)

Cystic fibrosis
Normal vas deferens in fetuses with cystic fibrosis 60 (ab)

Cytomegalovirus infection
Hepatopathy on two infants with short-bowel syndrome and cytomegalovirus infection 244 (or)

D

Diaphragmatic hernia; congenital
Congenital diaphragmatic hernia. Survival and use of extracorporeal life support at selected level III nurseries with multimodality support 125 (ab)
Intermittent obstruction of the inferior vena cava by congenital anteromedial diaphragmatic hernia: An extremely rare case of Budd-Chiari syndrome in an infant 125 (ab)

Differentiated thyroid cancer
Differentiated thyroid cancer in children and adolescents: The importance of adequate surgery and review of literature 359 (or)

Diffusion-weighted MRI
Brainstem diffusion-weighted MRI in boys with L1CAM mutations 41 (supl/shr)

Digestion
Intestinal physiology relevant to short-bowel syndrome 196 (or)

Down's syndrome
Congenital colonic hypoganglionosis in murine trisomy 16 – an animal model for Down's syndrome 381 (or)

Duplicate system; obstruction
Ipsilateral ureteroureterostomy for single ureteral reflux or obstruction in a duplicate system 127 (ab)

Dysganglionosis
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)

Dysphagia
Cricopharyngeal achalasia – a cause of major dysphagia in a newborn. A case report 406 (cr)
Ectopic gastric mucosa causing dysphagia due to strictures in a boy 413 (cr)

Dysplasia; neuronal intestinal
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)

E

Early-onset hydrocephalus
The effects of CSF blockage in early-onset hydrocephalus on the activity of the germinal epithelium 43 (supl/shr)

Ectopic gastric mucosa
Ectopic gastric mucosa causing dysphagia due to strictures in a boy 413 (cr)

Electron microscopy
Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Elevated antinuclear antibody titer
Primary Ewing's sarcoma of the bladder associated with an elevated antinuclear antibody titer 63 (ab)

Embryo; three-dimensional ultrasound imaging
In-vivo three-dimensional ultrasound reconstructions of embryos and early fetuses 124 (ab)

Empyema
Timing for video-assisted thoracoscopic debridement for pediatric empyema 125 (ab)

Endopyelotomy
Comparison of percutaneous endopyelotomy with open pyeloplasty for pediatric ureteropelvic junction obstruction 126 (ab)

Endoscopic Doppler ultrasound
The use of transendoscopic Doppler ultrasound as a safety-enhancing measure during neuroendoscopic third ventriculostomy 50 (supl/shr)

Endoscopic tracheal restoration
Isolated longitudinal rupture of the posterior tracheal wall following blunt neck trauma 104 (cr)

Endoscopic treatment
The value of endoscopic treatment for ureteroceles during the neonatal period 126 (ab)

Endothelin-B receptor gene
Ondine's curse and Hirschsprung's disease: Neurocristopathic syndrome 430 (cr)

Enteral nutrition
Enteral and parenteral nutrition in patients with short-bowel syndrome 214 (or)

Enteric nervous system
Congenital colonic hypoganglionosis in murine trisomy 16 – an animal model for Down's syndrome 381 (or)

Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Enteroglucagon
Enteral and parenteral nutrition in patients with short-bowel syndrome 214 (or)

Enterostomy
Conservative intestinal surgery to avoid short-bowel syndrome in multiple intestinal atresias and necrotizing enterocolitis: 6 cases treated by multiple anastomoses and Santulli type enterostomy 24 (or)

Enzymo-histochemical diagnosis
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)

Epidermal growth factor
Epidermal growth factor in saliva and serum of infants with necrotising enterocolitis 58 (ab)

Epigastric heteropagus
Epigastric heterophagus: A case report with review of the literature 347 (cr)

Epispadias
Duplications of the male urethra – two case reports 189 (cr)

Esophageal atresia
Primary repair of long-gap esophageal atresia by mobilization of the distal esophagus 369 (or)

Esophageal dilatation
Congenital esophageal stenosis 177 (cr)

Esophageal stenosis
Congenital esophageal stenosis 177 (cr)
Cricopharyngeal achalasia – a cause of major dysphagia in a newborn. A case report 406 (cr)
Ectopic gastric mucosa causing dysphagia due to strictures in a boy 413 (cr)

EUROHAZCON Study
Risk of congenital anomalies near hazardous-waste landfill sites in Europe: The EUROHAZCON study 124 (ab)

European board examination
The UEMS Specialist Section in Paediatric Surgery 132 (UEMS)

Ewing's sarcoma of the bladder
Primary Ewing's sarcoma of the bladder associated with an elevated antinuclear antibody titer 63 (ab)

Extracorporeal life support
Congenital diaphragmatic hernia. Survival and use of extracorporeal life support at selected level III nurseries with multimodality support 125 (ab)

Extrahepatic biliary atresia
Anatomy of the porta hepatis (PH) as rational basis for the hepatoporto-enterostomy (HPE) 13 (or)

Fetal surgery
Successful fetal surgery for spina bifida 124 (ab)

Fibrin glue
Isolated longitudinal rupture of the posterior tracheal wall following blunt neck trauma 104 (cr)

Fibro-leiomyosarcoma
Aggressive congenital fibromatosis of the small intestine in the newborn. Report of a case and review of the literature 422 (cr)

Fibromatosis; congenital
Aggressive congenital fibromatosis of the small intestine in the newborn. Report of a case and review of the literature 422 (cr)

Fibrosis
The influence of cholangitis on the prognosis of extrahepatic biliary atresia 19 (or)

Fine-needle biopsy
Competitive polymerase chain reaction for the determination of N-myc amplification in neuroblastoma: Report of clinical cases 138 (or)

Folic acid
New insights on folic acid and neural tube defects: FRα gene conversion events as increased risk 14 (supl/ab)

Fowler-Stephens orchiopexy
The value of 2-step laparoscopic Fowler-Stephens orchiopexy for intra-abdominal testes 61 (ab)

FRα gene
New insights on folic acid and neural tube defects: FRα gene conversion events as increased risk 14 (supl/ab)

Functional ileus
Functional ileus in neonates: Hirschsprung's disease-allied disorders versus meconium-related ileus 392 (or)

Fundoplication
Laparoscopic fundoplication in children – an audit of fifty cases 286 (or)

G

Gartner's duct cyst
Diagnosing the combination of renal dysgenesis, Gartner's duct cyst and ipsilateral Müllerian duct obstruction 62 (ab)

Gastrin
Enteral and parenteral nutrition in patients with short-bowel syndrome 214 (or)

Gastroesophageal reflux
Nissen fundoplication and Boix-Ochoa antireflux procedure: Comparison between two surgical techniques in the treatment of gastroesophageal reflux in children 289 (or)

Gastrointestinal tract
Surgical stress, bacteria, and mucosal immune function 210 (or)

Gene expression
TGF-β1 expression is reduced in hydrocephalic H-Tx rat brain 35 (supl/or)

Glutamine
Overview of intestinal adaptation and its stimulation 200 (or)

Goretex sling
Periurethral Goretex sling in lower urinary reconstruction 33 (supl/or)

Gravitational valves
New valves – new dangers? 22 valves (38 probes) designed in the 'nineties in ultralong-term tests (365 days) 23 (supl/or)

Growth factors
Enteral and parenteral nutrition in patients with short-bowel syndrome 214 (or)

Growth hormone
Overview of intestinal adaptation and its stimulation 200 (or)
Severe short-bowel syndrome in children. Clinical experience 236 (or)

Growth of the spinal cord
Normal growth of the spinal cord 48 (supl/shr)

Gubernaculum testis
Could testicular descent in humans be promoted by direct androgen stimulation of the gubernaculum testis? 37 (or)

H

Heminephroureterectomy; laparoscopic
Laparoscopic heminephroureterectomy in pediatric patients 62 (ab)

Hemolytic-uremic syndrome
Colonic stenosis after hemolytic-uremic syndrome 119 (cr)

Hepatoblastoma
A study of therapy for pediatric hepatoblastoma: Prevention and treatment of pulmonary metastasis 142 (or)

Hepatopathy
Hepatopathy on two infants with short-bowel syndrome and cytomegalovirus infection 244 (or)

Hepatoporto-enterostomy
A modification of hepatic portoenterostomy (Kasai operation) for biliary atreasia 59 (ab)
Anatomy of the porta hepatis (PH) as rational basis for the hepatoporto-enterostomy (HPE) 13 (or)

Heteropagus
Epigastric heteropagus: A case report with review of the literature 347 (cr)

Heterotopia of the submucosal plexus
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)

Hip guidance
A comparison of hip guidance with reciprocating gait orthoses in children with spinal paraplegia: Results of a ten-year prospective study 15 (supl/or)

Hirschsprung's disease
A correlative morphometric and clinical investigation of hypoganglionosis of the colon in children 67 (or)
Anorectal manometry during the neonatal period: Its specifity in the diagnosis of Hirschsprung's disease 101 (or)
Functional ileus in neonates: Hirschsprung's disease-allied disorders versus meconium-related ileus 392 (or)
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)
Ondine's curse and Hirschsprung's disease: Neurocristopathic syndrome 430 (cr)
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)
Rehbein's procedure for Hirschsprung's disease. An appraisal of 45 years 389 (or)
Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Hirschsprung's-disease-allied disorders
Functional ileus in neonates: Hirschsprung's-disease-allied disorders versus meconium-related ileus 392 (or)

Hollow visceral myopathy
Chronic intestinal pseudo-obstruction syndrome in pediatric patients 83 (or)

Holoprosencephaly
A population-based study of holoprosencephaly in the north of England, 1985–1996 11 (supl/ab)

H-Tx rat
Aqueduct stenosis in hydrocephalus: Ultrastructural investigation in neonatal H-Tx rat brain 44 (supl/shr)
Breeding characteristics and genetic analysis of the H-Tx rat strain 42 (supl/shr)
TGF-β1 expression is reduced in hydrocephalic H-Tx rat brain 35 (supl/or)

Hybrid shunt system
Prevention of CSF shunt infection: Effect of the use of hybrid shunt systems which include antibacterial catheters 47 (supl/shr)

Hydrocele
Meconium-filled hydrocele sacs as a cause of acute scrotum in a newborn 61 (ab)

Hydrocephalus
About the rate of shunt complications in patients with hydrocephalus and myelomeningocele 51 (supl/shr)
Aqueduct stenosis in hydrocephalus: Ultrastructural investigation in neonatal H-Tx rat brain 44 (supl/shr)
Brainstem diffusion-weighted MRI in boys with L1CAM mutations 41 (supl/shr)
Breeding characteristics and genetic analysis of the H-Tx rat strain 42 (supl/shr)
Cerebrovascular compression in a canine model of obstructive hydrocephalus 53 (supl/ab)

Editorial 3 (supl/ed)
In vivo quantitative magnetic resonance imaging of neonatal rat hydrocephalus 22 (supl/ab)
New valves – new dangers? 22 valves (38 probes) designed in the 'nineties in ultralong-term tests (365 days) 23 (supl/or)
TGF-β1 expression is reduced in hydrocephalic H-Tx rat brain 35 (supl/or)
The developmental, behavioural and psychological characteristics associated with hydrocephalus and spina bifida in middle childhood 54 (supl/ab)

Hydrocephalus; congenital
Congenital hydrocephalus: Occurrence and outcome. A population-based study in the north of England, 1985–1996 46 (supl/shr)

Hydrocephalus classification
Actualities in hydrocephalus classification and management possibilities 18 (supl/ab)

Hydrocephalus presentation
Table-top and computer-aided photography in hydrocephalus presentations 55 (supl/ab)

Hydrocephalus valve
50 years of hydrocephalus valves. The way to 195 different designs 54 (supl/ab)

Hydromyelia
19-year follow-up of fetal myelomeningocele brought to term 12 (supl/or)

Hydronephrosis
Are patients with antenatally diagnosed hydronephrosis being over-investigated and overtreated? 303 (or)
The Kalicinski ureteral folding technique for megaureter in children. Experience in 23 cases 163 (or)
Ureteral opening pressure: A novel parameter for the evaluation of pediatric hydronephrosis 126 (ab)

Hydronephrosis; non-obstructive
The ultrasonographic differentiation of obstructive versus non-obstructive hydronephrosis in children: A multivariate scoring system 127 (ab)

Hydronephrosis; obstructive
The ultrasonographic differentiation of obstructive versus non-obstructive hydronephrosis in children: A multivariate scoring system 127 (ab)

Hydronephrosis; unilateral
Surgery versus observation for managing obstructive grade 3 to 4 unilateral hydronephrosis: A report from the Society for Fetal Urology 60 (ab)

Hypertrophic pyloric stenosis; congenital
Diagnosing hypertrophic pyloric stenosis: Does size matter? 373 (or)

Hypoganglionosis
A correlative morphometric and clinical investigation of hypoganglionosis of the colon in children 67 (or)
Congenital colonic hypoganglionosis in murine trisomy 16 – an animal model for Down's syndrome 381 (or)
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)

Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Hypospadias
Abnormal prostatic utricle configuration in hypospadias and intersex patients 167 (or)
Rise in prevalence of hypospadias 61 (ab)

I

IgE antibodies against latex allergens
Pattern of IgE antibodies against latex allergens in children with spina bifida 49 (supl/shr)

Ileocecal valve
Morbidity and mortality of the short-bowel syndrome 231 (or)

Immature ganglia
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)

Immunoglobulin A supplementation
Immunoglobulin A supplementation abrogates bacterial translocation and preserves the architecture of the intestinal epithelium 124 (ab)

Immunosuppression
Intestinal transplantation. Experience in the United States 271 (or)
Surgical stress, bacteria, and mucosal immune function 210 (or)

IND
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)

Infant kidneys; en bloc transplantation
En bloc transplantation of infant kidneys: Ten-year experience 127 (ab)

Inferior vena cava; intermittent obstruction
Intermittent obstruction of the inferior vena cava by congenital anteromedial diaphragmatic hernia: An extremely rare case of Budd-Chiari syndrome in an infant 125 (ab)

Inflammatory liver pseudotumor
Association of inflammatory pseudotumor of the liver and Papillon-Lefevre syndrome – Case report 343 (cr)

Inflammatory pseudotumor
Multifocal omental mesenteric inflammatory pseudotumor (plasma cell granuloma) 426 (cr)

Injected material; migration
Lack of distant migration after injection of a ^{125}Iodine labeled dextranomer based implant into the rabbit bladder 62 (ab)

Internal jugular vein
Jugular phlebectasia 182 (cr)

Intersex disorders
Abnormal prostatic utricle configuration in hypospadias and intersex patients 167 (or)

Feminizing genital reconstruction, sigmoid vaginal replacement and anorectoplasty as a one-stage procedure for anorectal atresia associated with ambiguous genitalia 121 (cr)

Intestinal adaptation
Intestinal adaptation in pediatric patients with short-bowel syndrome 207 (or)
Overview of intestinal adaptation and its stimulation 200 (or)

Intestinal epithelium
Immunoglobulin A supplementation abrogates bacterial translocation and preserves the architecture of the intestinal epithelium 124 (ab)

Intestinal evisceration
Short-bowel syndrome associated with subtotal necrosis of small intestine after rectal trauma 251 (or)

Intestinal function
Intestinal physiology relevant to short-bowel syndrome 196 (or)

Intestinal length
Morbidity and mortality of the short-bowel syndrome 231 (or)

Intestinal lengthening
What do children look like after longitudinal intestinal lengthening? 260 (or)

Intestinal neuronal dysplasia
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)
Preoperative enzymo-histochemical diagnosis of dysganglionoses associated with anorectal malformations (ARM) with recto-vestibular and recto-perineal fistula 96 (or)

Intestinal neuropathy
Chronic intestinal pseudo-obstruction syndrome in pediatric patients 83 (or)

Intestinal perforation
Colonic stenosis after hemolytic-uremic syndrome 119 (cr)

Intestinal physiology
Intestinal physiology relevant to short-bowel syndrome 196 (or)

Intestinal pseudo-obstruction
The application of radio-opaque markers prior to ileostomy in an infant with chronic intestinal pseudo-obstruction: Report of a case 58 (ab)

Intestinal pseudo-obstruction syndrome
Chronic intestinal pseudo-obstruction syndrome in pediatric patients 83 (or)

Intestinal tailoring
Experience with longitudinal intestinal lengthening and tailoring 256 (or)

Intestinal transit
Surgical approach to the short-bowel syndrome: Procedures to slow intestinal transit 263 (or)

Intestinal transit time
Intestinal transit time in children with intestinal neuronal malformations mimicking Hirschsprung's disease 91 (or)

Intestinal transplantation
Intestinal transplantation. Experience in the United States 271 (or)

Intraabdominal mass
Multifocal omental mesenteric inflammatory pseudotumor (plasma cell granuloma) 426 (cr)

Intra-abdominal testes
The value of 2-step laparoscopic Fowler-Stephens orchiopexie for intra-abdominal testes 61 (ab)

In-utero defecation
In-utero defecation: Fact or fiction? 376 (or)

^{123}I-radiolabeled metaiodobenzylguanidine
Intraoperative localization of neuroblastoma in children with ^{123}I- or ^{125}I-radiolabeled metaiodobenzylguanidine 63 (ab)

^{125}I-radiolabeled metaiodobenzylguanidine
Intraoperative localization of neuroblastoma in children with ^{123}I- or ^{123}I-radiolabeled metaiodobenzylguanidine 63 (ab)

J

Jugular venous aneurysm
Anterior jugular venous aneurysm 47 (cr)

Jugular venous ectasia
Anterior jugular venous aneurysm 47 (cr)

K

Kasai operation
A modification of hepatic portoenterostomy (Kasai operation) for biliary atreasia 59 (ab)

Kidney
Chronic pyelonephritis in association with neuropathic bladder 29 (supl/or)

L

Laparoscopic adrenalectomy
Laparoscopic bilateral adrenalectomy in a child 420 (cr)

Laparoscopic cholecystectomy
Cost analysis of laparoscopic cholecystectomy in children 8 (or)
Laparoscopic cholecystectomy for cholelithiasis during infancy and childhood: Cost analysis and review of current indications 59 (ab)

Laparoscopic Fowler-Stephens orchiopexy
The value of 2-step laparoscopic Fowler-Stephens orchiopexy for intra-abdominal testes 61 (ab)

Laparoscopic fundoplication
Laparoscopic fundoplication in children – an audit of fifty cases 286 (or)

Laparoscopic gastrostomy
Laparoscopically assisted performance of gastrostomy – a simple, safe and minimal invasive technique 297 (or)

Laparoscopic heminephroureterectomy
Laparoscopic heminephroureterectomy in pediatric patients 62 (ab)

Laparoscopic splenectomy
A case-controlled comparison of open and laparoscopic splenectomy in children 125 (ab)

Laparoscopic surgery
Anesthetic considerations in pediatric laparoscopic and thoracoscopic surgery 282 (or)

Laparoscopy; combined with conventional techniques
Laparoscopy combined with conventional operative techniques 294 (or)

Lateral cineradiography
Cricopharyngeal achalasia: Case reports and review of the literature 109 (cr)

Latex allergens

Latex-fruit syndrome
Latex allergy and latex-fruit-syndrome – New insights into pathogenesis 56 (supl/ab)

L1CAM mutation
Brainstem diffusion-weighted MRI in boys with L1CAM mutations 41 (supl/shr)

Lich-Gregoir procedure
Our experience in the treatment of the vesico-ureteral reflux with Lich-Gregoir antireflux surgical procedure 33 (or)

Lipid peroxidation
The effect of ATP-$MgCl_2$ on lipid peroxidation in ischemic and reperfused rabbit kidney 42 (or)

Lipoblastoma
Perineal lipoblastoma in a neonate 58 (ab)

Liver and small intestinal transplantation
Intestinal transplantation. Experience in the United States 271 (or)

Liver transplantation
Paediatric liver transplantation with a split graft: Experience at Bicêtre 146 (or)

Lobar emphysema; congenital
Congenital cystic disease of the lung in infants and children (experience with 57 cases) 364 (or)

Long-gap esophageal atresia
Primary repair of long gap esophageal atresia by mobilization of the distal esophagus 369 (or)

Longitudinal intestinal lengthening
Experience with longitudinal intestinal lengthening and tailoring 256 (or)

Lung; cystic adenomatoid malformation
Management of prenatally diagnosed congenital cystic adenomatoid malformation of the lung 53 (cr)

Lung cancer; child
Lung cancer in a child with a substantial family history of cancer 409 (cr)

Lung cyst
Congenital cystic disease of the lung in infants and children (experience with 57 cases) 364 (or)

M

Male pseudohermaphroditism
Feminizing genital reconstruction, sigmoid vaginal replacement and anorectoplasty as a one-stage procedure for anorectal atresia associated with ambiguous genitalia 121 (cr)

Malignancy
Bladder augmentation surgery – What about the malignant risk? 39 (supl/or)

Malone antegrade colonic enema
The value of the MACE (malone antegrade colonic enema) procedure in adult patients 58 (ab)

Meconium
Functional ileus in neonates: Hirschsprung's-disease-allied disorders versus meconium-related ileus 392 (or)
Meconium-filled hydrocele sacs as a cause of acute scrotum in a newborn 61 (ab)

Mediastinal mass
Massive true thymic hyperplasia 331 (cr)

Megaureter
Conservative treatment of neonatal primary megaureter 396 (or)

Meningomyelocele
Chronic pyelonephritis in association with neuropathic bladder 29 (supl/or)
19-year follow-up of fetal myelomeningocele brought to term 12 (supl/or)

Mesenteric venous thrombosis
An unusual complication of appendicitis in childhood 351 (cr)

Mesoblastic nephroma
Congenital mesoblastic nephroma in a child with the Beckwith-Wiedemann syndrome 63 (ab)

Mesothelioma testis
Mesothelioma of tunica vaginalis testis in a child 60 (ab)

Mitrofanoff conduit
Combined Mitrofanoff and antegrade continence enema procedures for urinary and fecal incontinence 61 (ab)

Morphometric measurements
A correlative morphometric and clinical investigation of hypoganglionosis of the colon in children 67 (or)

MRI
Normal growth of the spinal cord 48 (supl/shr)
Syringomyelia, a 468-case-experience 53 (supl/ab)

Mucosal immune function
Surgical stress, bacteria, and mucosal immune function 210 (or)

Multicystic dysplasia kidney
Wilms' tumor and multicystic dysplasia kidney disease 63 (ab)

Multiple intestinal atresias
Conservative intestinal surgery to avoid short-bowel syndrome in multiple intestinal atresias and necrotizing enterocolitis: 6 cases treated by multiple anastomoses and Santulli type enterostomy 24 (or)

Multiple sclerosis
Myelomeningocele and multiple sclerosis. Two case reports 40 (supl/ab)

Müllerian duct obstruction
Diagnosing the combination of renal dysgenesia, Gartner's duct cyst and ipsilateral Müllerian duct obstruction 62 (ab)

Myelination
Ultrastructural features of nerve fascicles and basal lamina abnormalities in Hirschsprung's disease 75 (or)

Myelodysplasia
The value of the MACE (malone antegrade colonic enema) procedure in adult patients 58 (ab)

Myelomeningocele
About the rate of shunt complications in patients with hydrocephalus and myelomeningocele 51 (supl/shr)
Myelomeningocele and multiple sclerosis. Two case reports 40 (supl/ab)
